OUR

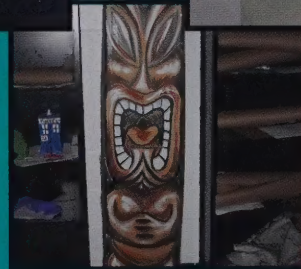

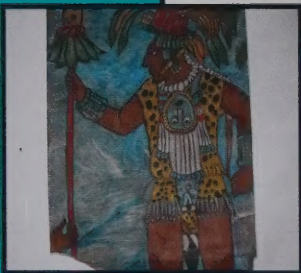

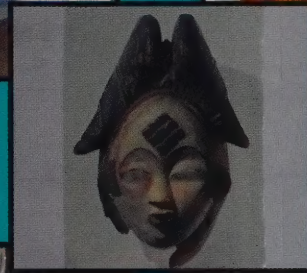

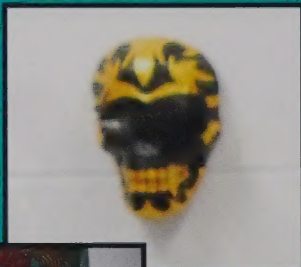

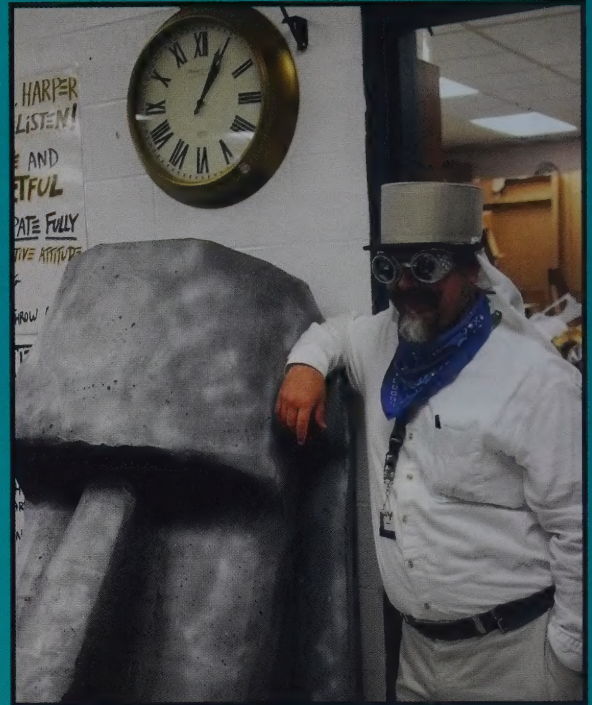

TIME

Dedication: Mr. Steven Harper

Born in 1969 in Fort Wayne, Indiana, Steven Harper has traveled a long and twisting road to Hancock High School. At times Mr. Harper has been a free-lance musician, singer/songwriter, a free-lance artist, a Mardi Gras float builder, a TV station cameraman, a grip/electrician on motion pictures, and a stage hand for theatrical productions ranging from operas to WWE! His travels have led him from Indiana to Oklahoma, Alabama, Georgia, Los Angeles, New York, New Orleans, Memphis, Paris, London, Spain, Morocco, Austria, the U.S and British Virgin Islands and of course Mississippi. Mr. Harper views all of his varied experiences as a useful tool in his classroom, helping him share the larger world with his students.

With a BFA degree in Painting and Drawing from the University of South Alabama, Harper often claims to have stumbled into teaching. "My first teaching position came as a result of a shortage of Art Teachers in Mobile, Alabama, and an emergency phone call that almost threw me into a classroom the next day." While that sounds scary or disastrous both for the teacher and the students, Mr. Harper managed to survive and find his teaching style. It wasn't entirely a hit and miss because Harper was raised in a family of educators and therefore was able to look back on the teaching methods.

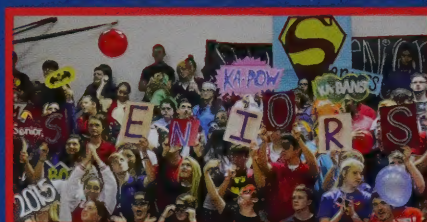

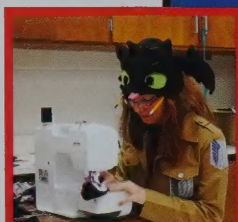

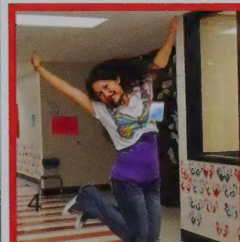

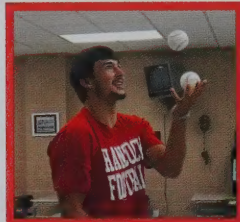

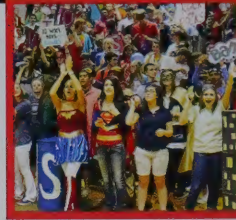

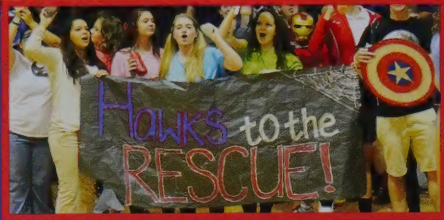

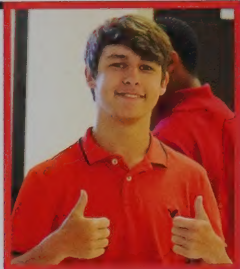

After teaching for many years at the elementary level, Harper decided that he could do more to help his students. "It was at the funeral of my main Art Professor, that I realized I needed to work at the High School level. I wanted to work with older students so that he could share the knowledge and techniques that my professor had taught me." Now, having spent 5 years at Hancock High School, Harper knows that he made the right decision.

Dear Class of 2015,

Never has time seemed to go by as quickly as these four years at Hancock High School have passed. In 2011, we walked in a new place, filled with various emotions. Many things have changed, but one thing that has not is that we have never given up. Obstacles were overcome, everlasting friendships were made, knowledge was expanded and we, as a class, have finally reached this final year together. It is truly amazing to look back upon the time we had together and see how things have changed for us. With such an immense future ahead, I encourage each of you to hold your head high and never forget all the potential you possess. Go far in life and chase your dreams. Do everything in your power to accomplish them because if you do not, who else will? Thanks for a year more amazing than I could have ever imagined. Class of 2015, this is our time!

With love,
Carlie Boone

FRESHMEN

Freshman year has been utterly amazing! Throughout this year our freshmen class has been yelling at the top of their lungs and shaking those rock bottles like never before. During this process, we are not only making a lot of noise, but also uniting together as one. Our freshmen class has a lot of dedication and that is something we will need for the next three years. Don't forget this is only the beginning of the Flawles Freshmen, so we need to stick together and take this school by storm. Because once the Class of 2018 starts there's no stopping us!!

Alissa Adam

While at HHS, Alissa has been a member of the National Honor Society, the Fellowship of Christian Athletes, and Mu Alpha Theta. She has played basketball at Hancock and was chosen to play in the Mississippi Coast All-Star Game. What has made Hancock special for Alissa is that it has something for everyone and is welcoming and makes her feel comfortable like at home. After high school, Alissa plans to attend Southwest Mississippi Community College and will be playing basketball. She plans on studying dental hygiene. She would also like to get a degree in coaching.

John Dastugue

While at HHS, Chet has been involved in National Honor Society, NSHS, and Beta Club. He was elected State Vice-President for Beta Club and elected as Student Body President. He was selected to the Coast Electric Youth Leadership Program and was sent to Washington. Chet plans to attend Mississippi State and major in criminology. He plans to participate in intramurals in college. Following college, he is considering joining the Marines or attending law school. Chet said that HHS' environment and teachers' ability to not only brighten students but also broaden and mature student's minds allows for the school to be one of a kind.

Ali Dedeaux

While at HHS, Ali has participated in volleyball, golf, and Future Business Leaders of America. Her major accomplishments include being state runners-up in volleyball for two years, winning a golf state championship, and being chosen as Homecoming Queen. Ali thinks that HHS is special because everyone has a place to fit in and find success. She thinks HHS students are lucky to have teachers and administrators that care about each student and assure that he or she reaches their full potential. Next year, Ali plans on attending Troy State and studying broadcast journalism. She hopes to work her way to the top and become a sideline sports reporter for ESPN or Sportscenter.

Destiny Marks

While at HHS, Destiny has played volleyball and been involved in National Spanish Honor Society and Fellowship of Christian Athletes. Her major accomplishments include winning a volleyball championship in the 8th grade and graduating in the top 2% of her class. Following graduation, Destiny plans on attending Spring Hill College and studying nursing. Destiny plans to become a nurse practitioner.

Holly McKenzie

While at HHS, Holly has been involved in Beta, National Honor Society, and National Spanish Honor Society. Next year, Savannah will attend William Carey University and will play basketball. She will major in mathematics and hopes to become a math teacher and coach. Savannah feels that Hancock High is not just a building or facility. It is a large family that joins together each day with the common purpose of preparing students for success. The atmosphere is warm and inviting, where every student feels valued and needed. As students graduate, they take a piece of Hancock with them and most return to give back to the family that helped them achieve success. That is what makes Hancock High School special. Once a Hawk, always a Hawk.

Travis Stennett

While at HHS, Travis has been involved in Band, Gamers Club, National Science Honor Society, and National Spanish Honor Society.
